SUMMARY

Computer Science Engineering student (2027) with strong problem-solving foundations in Data Structures, Algorithms, and Object-Oriented Design (100+ problems solved on LeetCode/GeeksforGeeks). Full-stack development experience building scalable web applications with the MERN stack. Seeking a Software Development Engineer internship to apply algorithmic thinking to real-world distributed systems.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Database: MongoDB, MySQL, Mongoose

Tools: Git, GitHub

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

DevForge — Full-Stack Web Application [Live]

MERN Stack

- Built a full-stack collaboration platform using the MERN stack with JWT-based authentication and role-based access control.
- a Kanban-based task management module with real-time multi-user sync via Socket.io.
- Implemented real-time team communication using Socket.io.
- Deployed the frontend on Vercel and backend on Render with GitHub-based version control.

MockMate-AI — Full-Stack Web Application [Live]

MERN Stack, Gemini API

- Built a full-stack mock interview platform using React.js, Node.js, Express.js, and MongoDB.
- an AI feedback pipeline using Gemini API, generating scored feedback across 5+ interview categories.
- Implemented interview history tracking using MongoDB and Mongoose.
- Developed a performance analytics dashboard to track interview progress.

Personal Portfolio — Responsive Website [Live]

Frontend Development

- Built a responsive personal portfolio website using React.js to showcase projects, technical skills, and certifications.
- Designed an interactive interface with responsive layouts for different screen sizes.
- Deployed the portfolio using Vercel for online accessibility.

EDUCATION

G H Raison College of Engineering and Management
Bachelor of Technology (B.Tech) — Computer Science Engineering
CGPA: 8.80

Jalgaon, Maharashtra
2023 – 2027

ACHIEVEMENTS & CERTIFICATIONS

- Solved 100+ Data Structures and Algorithms problems across LeetCode and GeeksforGeeks.
- MERN Stack Development - [Apna College]
